

KERDI-DRAIN Grates

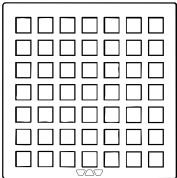

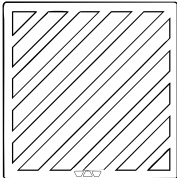

KERDI-DRAIN grates are to be used with drain flanges Schluter®-KERDI-DRAIN, KERDI-DRAIN-H, KERDI-DRAIN-A and KERDI-DRAIN-F. The grates are fully adjustable to accommodate a wide range of tile thicknesses: 1/4" to 1-1/4" (6 to 32 mm). The flange and grate combination is part of an integrated family that creates a bonded waterproof sealed system. KERDI-DRAIN flanges sold separately.*
