COLORMIX® FORECAST 2025

At Sherwin-Williams High Performance Flooring, our passion for color and design is built on a foundation of proven long-term functionality, cutting-edge polymer science and best-in-class support. With the largest selection of resinous flooring systems on the market, our unlimited standard and custom colors and blends pair with our highly experienced design and technical experts to deliver unmatched selection and service to help bring your project to life.

This year's Colormix® forecast combines function and aesthetics, enriching commercial environments with open-mindedness and a focus on crafting useful experiences for all. Use our High Performance Flooring Visualizer Tool to see how these colors would look in your space. Allow our flooring solutions to bring your vision to reality for years to come.

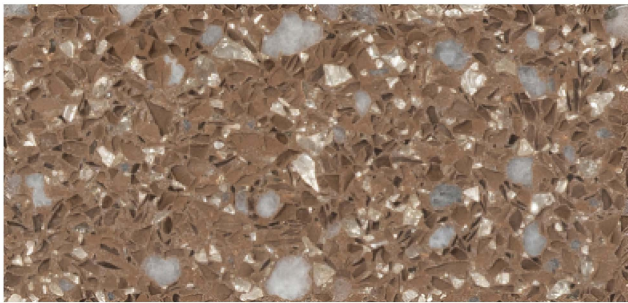

SHERWIN-WILLIAMS®

COLOR CAPSULE OF THE YEAR

2025

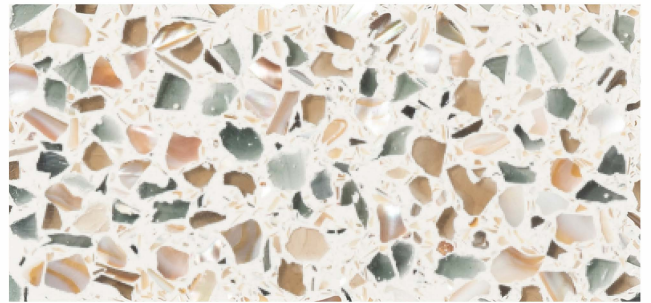

To celebrate the 15th anniversary of our Color of the Year, we introduced a curated assortment of hues that encapsulate the world of color at its most classic, its most cutting-edge, and for its capacity to create beauty in so many stunning combinations.

This celebration could not be confined to just a single pivotal hue. Instead, we've gathered the most essential colors from our entire collection – including Colormix® Forecast favorites, some of our brightest whites, and the colors that best reflect where we've been and where we're going – to help you tell your most authentic color story.
